

COPH Student JOB DESCRIPTION

Job Title: Research/Graduate Assistant (5-10 hours/week)

Department: UNMC CON and UNMC COPH

Contact Person: Dr. Margaret R. Emerson (PI)

Phone Number: 402-559-6625

Email: Margaret.emerson@unmc.edu

Primary Duties and Responsibilities:

We are looking for a research assistant for a newly funded mental health research project, *Feasibility of Using Smartphone Apps in Primary Care to Manage Underserved Patients with Mental Illness*.

The position is for 5-10 hours/week starting after IRB approval tentatively start date in September.

The student will assist faculty for research activities. Primary duties include but not limited to:

- Conduct literature searches and reviews
- Draft, revise, and edit reports, grants, and manuscripts
- Recruit study participants, particularly on days when participants are accessible.
- Assist with focus group interviews
- Assist with survey data collection activities
- Clean and analyze data using SAS

Special Skills Required:

- Good writing skills
- Good interpersonal skills
- Good data analysis skills
- Experience with critical review of scientific articles

Number of hours per week for this position: 5-10

Hourly Rate: Approximately 24.00/hour

To Apply:

Email a cover letter expressing your interest in this position and your resume to Dr. Margaret R. Emerson by Aug 9th, 2019
