

## October 24th

### NeuroHIV Emerging Issues and Substance Abuse Colloquium

All Day | Webinar Online

Day one of a two-day joint colloquium between the Chronic HIV and Aging in NeuroAIDS (CHAIN) Center and the Nebraska Center for Substance Abuse Research (NCSAR). The goal of this event is to bring together leaders in the fields to discuss emerging topics, foster new ideas and collaborations, and educate new and established investigators. Offered as a free webinar, but *registration is required*.

## October 25th

### Evaluating Behavioral Phenotypes in Mouse Models of Autism

11 a.m. – 12 p.m. | Durham Research Center 1005

Jacqueline Crawley, PhD, Endowed Chair and Professor in the Department of Psychiatry and Behavioral Sciences at the University of California, Davis School of Medicine, will present a seminar on animal behavior research and how she uses these methods for her research into Autism.

## October 26th

### Grant Writing Bootcamp

8:30 – 11:30 a.m. | Michael F. Sorrell Center for Health Science Education, Rm 1005

Jennifer Larsen, MD, Howard Fox, MD, PhD, and Bethany DeCarolis will reprise this popular series that will give attendees a broad overview and the basics of grant writing, with a focus on helping early investigators who are just beginning to apply for federal funding. *Registration required*.

### Leveraging your Rights for Greater Impact

11 a.m. – 12 p.m. | Witton Hall, Rm 8011

Learn about open access within the scholarly community and how to leverage your rights as an author. Join Kevin Smith, MA, MS, JD, University of Kansas Dean of Libraries, as he discusses strategies you can use to share your research with the world. Sponsored by the McGoogan Library of Medicine.

## October 26th cont.

### Working into the Pharmaceutical Industry – Can the Dark Side be Bright for You?

2 – 3 p.m. | Durham Research Center, Rm 1002

This seminar, sponsored by UNeMed, will be presented by Prabhavathi Fernandes, PhD, chair of the U.S. Department of Health and Human Services' National Preparedness and Response Science Board. She has many years of experience working with pharmaceutical companies and will discuss how researchers can tap this industry to further their research.

### UNeMed's 3D Printing Invent-a-Thon Presentations

5 p.m. | Michael F. Sorrell Center for Health Science Education, Linder Reading Room

The final presentations by those who participated in the multi-day "Invent-a-Thon," which invites teams of high school students to design and 3D print a solution to a real-world healthcare problem. Prizes will be awarded to the winning team, with a reception to follow.

## October 29th

### Authorship and Your Presence on the Web

12 – 1 p.m. | Michael F. Sorrell Center for Health Science Education, Rm 2014

Join Teri Hartman, MLS, and Christian Minter, MSLIS, as they show you how to use publisher tools and social media to maximize the impact of your scholarly research. Sponsored by the McGoogan Library of Medicine.

# 2018 October Celebrating Research & Innovation

## SCHEDULE OF EVENTS

UNIVERSITY OF  
**Nebraska**  
Medical Center

Sponsored by UNeMed, McGoogan Library, Nebraska Medicine, UNMC Faculty Development, UNMC Interprofessional Academy of Educators, & the UNMC Office of Vice Chancellor for Research

[unmc.edu/vcr](http://unmc.edu/vcr)

## October 1st

### Midwest Drug Development Conference

All Day | Omaha Marriott Downtown at the Capital District  
Top decision makers from the world's leading pharmaceutical and medical manufacturing companies will gather for a look at the most promising discoveries and innovations from the best university drug development researchers in the Midwest. *Registration required.*

## October 2nd

### Cardiovascular Research Symposium

All Day | Michael F. Sorrell Center for Health Science Education, Truhlsen Events Center

With a wide range of talks on every aspect of cardiovascular physiology presented by the renowned American Journal of Physiology's Heart and Circulatory Editors, this cutting-edge cardiovascular conference is a "must-attend" meeting! *Registration required.*

## October 9th

### Promoting Your Science, the Art of the Elevator Pitch

9 – 11 a.m. | Fred & Pamela Buffett Cancer Center, Rm 0.12.103

Jennifer Larsen, MD will present tips for preparing a 30 second, 1 minute, and 5 minute summary when talking to the public. This session will include time for personal preparation and practice delivery. *Registration required.*

## October 10th

### Annual GP-IDeA-CTR Scientific Meeting

All Day | Michael F. Sorrell Center for Health Science Education, Truhlsen Events Center

Day one of this program, which will highlight presentations on clinical and translational research and resources, team science, community engagement activities, a mock study review panel and more! *Registration required.*

### Vendor Fair: Fisher Scientific Show

8 a.m. – 1 p.m. | Durham Research Center, Atrium

Meet the manufacturers of scientific supplies and equipment distributed through Thermo/Fisher at this vendor event, as well as have the chance to meet with representatives from various UNMC core facilities.

### Small Animal Bio-imaging Center Open House

1 – 4 p.m. | Fred & Pamela Buffett Cancer Center, Main Entrance

To celebrate the establishment of the Small Animal Bio-imaging Center, join the Comparative Medicine staff on a tour of the facility to see what capabilities and technology this new center has to offer for your research! Tour groups will form near the main entrance to the Fred & Pamela Buffett Cancer Center, where staff will escort groups to the facility to begin the tour. *Registration required.*

## October 11th

### Annual GP-IDeA-CTR Scientific Meeting

All Day | Michael F. Sorrell Center for Health Science Education, Truhlsen Events Center

Day two of this program, which will highlight presentations on clinical and translational research and resources, team science, community engagement activities, a mock study review panel and more! *Registration required.*

### Clinical Translational Research:

#### Poster and Networking Session

9 – 10:30 a.m. | Michael F. Sorrell Center for Health Science Education, Truhlsen Events Center Foyer

Join the GP-IDeA-CTR research Scholars and Pilot Grant awardees as they share their research projects, and learn about the various clinical research resources available throughout the region.

### Reading with a Researcher: Steve Caplan, PhD

5 – 6 p.m. | Wittson Hall of Medicine, 8th Floor, South Rare Book Room

Join Steve Caplan, PhD, Professor of Biochemistry and Molecular Biology, as he reads selections from his novels, which chronicle the lives of scientists and academia. His novels include *Matter Over Mind*, *Welcome Home Sir*, *A Degree of Betrayal*, and *Saving One*.

## October 15th

### Data Visualization: Tools to Make Your Research Shine

10 – 11:30 a.m. | Durham Research Center, Rm 1002

Learn why a polished presentation of your research data matters, how to prepare your data for publication, and how to use DIY tools to get the "polish" that highlights your work. This presentation goes behind the scenes with the Lab Rat Design Team. Sponsored by the McGroan Library of Medicine.

## October 16th

### CRISC Research Event

11 a.m. – 1 p.m. | Clarkson College, Howard Hall Student Center

The Clinical Research, Inquiry & Scholarship Committee (CRISC) Research Event showcases clinical research projects from all disciplines and includes clinical enterprise scholars from Clarkson College, Nebraska Medicine, and UNMC.

### Brown Bag Lunch & Learn: "BRCA1: A Personal Perspective"

12 – 1 p.m. | Eppley Science Hall, Rm 3010

We've all heard the story of Angelina Jolie and her surprising decision to have a preventive double mastectomy, and recent advances in genetic testing have made this scenario more common, even here at UNMC. Join Rick Blum, of the Department of Ob/Gyn, and his wife and daughters, as they share their journey to raise awareness and reduce the stigma of cancer-preventing surgery. Dr. Jennifer Griffin (Ob/Gyn) will also discuss the indications for genetic counseling and the impact it has on families. Sponsored by the Olson Center for Women's Health.

## October 17th

### Systematic Reviews 101

12 – 1 p.m. | Michael F. Sorrell Center for Health Science Education, Rm 2010

Join Christian Minter, MSLIS, and Emily Glenn, MSLIS, to get a jump-start on the basics of organizing your approach and using tools for systematic reviews. By the end of this session, participants will be able to describe the systematic review process and locate resources to support the completion of a systematic review. Sponsored by the McGroan Library of Medicine.

### GME Research Conference

5 – 7 p.m. | Michael F. Sorrell Center for Health Science Education, Truhlsen Events Center

The first annual Graduate Medical Education research meeting will include poster presentations by UNMC residents and fellows on their research, conducted in areas such as patient safety/quality improvement, education, clinical outcomes, health policy, basic science, business aspects of health care, or global health. *Food and drink provided.*

### Omaha Science Café: Domestic Violence

7 p.m. – The Slowdown, 729 N 14th St, Omaha, NE 68102

Science Cafés involve a face-to-face conversation with scientists and others in the community about current topics. The topic of this month's café will be on domestic violence, with this presentation given in partnership with the Women's Center for Advancement, the designated direct service provider for victims of domestic violence and sexual assault in Douglas County. They are dedicated to helping clients stay safe and grow strong by addressing both their immediate safety needs and their long-term self-sufficiency. *Pizza will be provided to the first 50 people.*

## October 22nd

### UNeMed Innovation Week Kick-Off

9 – 11 a.m. | Durham Research Center Atrium

The event is open to everyone who wants to meet with UNeMed staff, grab some freebies—including a UNeMed T-shirt—and a cup of coffee or a smoothie.

## October 23rd

### NeuroHIV Emerging Issues and Substance Abuse Colloquium

All Day | Webinar Online

Day one of a two-day joint colloquium between the Chronic HIV and Aging in NeuroAIDS (CHAIN) Center and the Nebraska Center for Substance Abuse Research (NCSAR). The goal of this event is to bring together leaders in the fields to discuss emerging topics, foster new ideas and collaborations, and educate new and established investigators. Offered as a free webinar, but *registration is required.*

### Strategies for Subject Recruitment in Clinical Research

11:30 a.m. – 1 p.m. | Eppley Science Hall, Rm 3010

This special session of the Quarterly Clinical Research Coordinators meeting will discuss the clinical research subject recruitment goals for the campus, the IRB requirements regarding recruitment efforts, as well as give strategies for success by highlighting what recruitment options are currently available.

For more details on each event including registration, maps, and streaming information, visit the Research Month webpage at [bit.ly/UNMCResearchMonth](http://bit.ly/UNMCResearchMonth)
