

Creating Search Alerts

PubMed

Step 1: Login. You will need to create an NIH account. **This account is separate from your UNMC net id and password.** Only YOU know this username and password.

Step 2: Run your search and click the 'Create alert' link below the search box.

Step 3: Fill out the information and click the blue Save box.

Step 4: Need to edit the search? Click your username/email/name in the upper right-hand corner and select Dashboard.

- The Saved Searches box is on the right-hand side of the screen. Click the cogwheel next to your search to edit or delete. #

My NCBI

[Customize this page](#) | [NCBI Site Preferences](#) | [Video Overview](#) | [Help](#)

The screenshot shows the My NCBI interface. On the left, there is a 'Search NCBI databases' panel with a search box containing 'PubMed' and a 'Search' button. Below it is a 'My Bibliography' panel with a loading indicator and a 'Manage My Bibliography' link. At the bottom left is a 'Recent Activity' panel. On the right, there is a 'Saved Searches' panel with a table of saved searches. A red arrow points to a gear icon in the 'Saved Searches' table.

Search Name	What's New	Last Searched

Google Scholar

Step 1: Log in with your Google/Gmail account. Run your search and click the 'Create alert' link on the left-hand side.

The screenshot shows the Google Scholar search results page. The search bar contains the query 'intitle:wikipedia AND student AND (medicine OR "health sciences")'. The results are sorted by relevance. On the left-hand side, there is a sidebar with filters and a 'Create alert' button, which is highlighted with a red arrow. The main content area shows three search results, each with a title, author information, and a 'Create alert' link.
